Good morning John,

Activities are relatively quiet.
No new statements last evening.
Slight recap: Le Plata County Sheriff lifted restrictions on Animas and New Mexico lifted ban on private domestic wells yesterday.
Several stats - Federal Response personnel in the area (EPA, contractors, Coast Guard, other federal entities) as of yesterday = 223
Calls - the different lines into Command Centers has received an excess of 500 calls since the start.

I expect additional water sampling results for the San Juan today.

I will send the Sit Report this afternoon.
